## SHOW SITE TIPS

---

**Labor:** Viper Tradeshow Services offers qualified, experienced labor for the installation and dismantle of your exhibit. If we can be of service to you, please contact Krista D'Amico at 847.426.3100 or via email [krista@vipertradeshow.com](mailto:krista@vipertradeshow.com)

Exhibitors who use an Independent Display House to supply labor must return the Exhibitor Appointed Contractor Forms (located on pages 35-36 ) and provide a Certificate of Insurance. These forms must be returned to Viper Tradeshow Services by Friday, October 17, 2025. No extensions will be granted after the published deadline. Failure to provide Viper Tradeshow Services with the items listed above will result in hiring installation and dismantle labor from Viper Tradeshow Services.

**Forklift:** Before placing your forklift order service, please contact your labor provider to check your anticipated needs for forklift services. If a forklift is needed to assist with display headers, tower headers or placement of items over an 8-foot reach may require a Four Stage Forklift (Quad Lift) and/or man cage. These services incur additional costs and are only available on a limited basis, please order accordingly.

**Shipping:** If you are using a van line or specialized carrier to handle your freight shipment, please make sure they supply Viper Tradeshow Services with certified weight tickets for each truck. If you are paying an increased weight to get a substantial discount on transportation but the weight bill does not show actual weight, you will be billed for the weight given on the certified weight ticket and freight bill. Have your freight carrier outline actual weights. All freight loaded out on Sunday, November 24, 2024 and BOL's turned in after 3:00 pm Monday, November 25, 2024 will be charged a 30% overtime charge. Freight bills cannot be returned to the service desk before freight is packed and ready to be loaded.

**Invoice:** You may request a copy of your invoice any time during set up, show hours, or move out to track your balance due. Final invoices are usually sent within 3 days from close of the show. All questions must be submitted upon receipt of paid invoice. If you dispute any portion of the invoice, please notify our office no later than 15 days after the date of the invoice.

Freight loaded out on Sunday, November 23, 2025 and outbound BOL's submitted after 3:00 PM on Monday, November 24, 2025 will incur OT charges.

Monday, November 24, 2025 freight is loaded out on a first come, first serve basis. Straight time is not guaranteed and complete shipments must be loaded by 4:30 PM otherwise OT charges will be applied.

**A 200-pound minimum (2 CWT) applies to every shipment, whether received at the Advance Warehouse or Show Site.**

- Rates for this show are on actual or dimensional weight, whichever is greater, for every hundred pounds (cwt or hundred-weight) rounded up to the nearest whole number.
- If a shipment is split up and pieces are delivered at different times, the minimum 2 CWT will apply every time freight is received.
- A weight ticket must be presented at the time of delivery. Post Show weight tickets will not be accepted. If a weight ticket is unavailable at the time of delivery and the freight needs to be weighed by Viper, special handling will be applied to the material handling.
- Rates below include receipt of your freight, delivery to the booth, storage and return of empty crates, and reloading. Additional charges may apply if your shipment does not arrive/depart during the designated move-in/move-out times.

### Special Handling 30% Surcharge

Special Handling rates shall be applied to the total standard charges, but are not limited to the following types of shipments. Multiple scenarios may incur multiple special handling charges.

|                                       |                                                                                                                                                                                                                                                             |
|---------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Moving Van Shipments</b>           | Shipments delivered by a moving van or shipments by any vehicle which, because of the height, cannot be unloaded at the docks.                                                                                                                              |
| <b>Loose Freight</b>                  | Shipments packed in such a manner as to require special handling (i.e., loose display parts, loose carpet rolls unskidded, uncrated equipment, stacked freight, etc.) regardless of the kind of carrier or vehicle used, including small package shipments. |
| <b>Mixed/Undetermined Description</b> | Description of the shipment is such that the type of materials or equipment cannot be determined (i.e., 1 lot 20 assorted pieces, etc.) Including any mixed lot/multiple shipments that are delivered together.                                             |
| <b>Must be Delivered by Hand</b>      | Materials must be moved "by hand" to the booth due to facility situations beyond Viper Tradeshow Services' control (i.e., elevators, rooms forklifts cannot be used, etc.)                                                                                  |
| <b>Small Package Carriers (SPC)</b>   | The use of small package carriers such as FedEx, UPS, DHL, etc. do not provide BOL and deliver large quantities on the dock requiring additional time to sort and identify.                                                                                 |

### Overtime or Off Target 30% Surcharge

Shipments that qualify for overtime rates are any shipments unloaded or received at the warehouse/show site before 8 AM or after 4:30 PM on weekdays, anytime Saturday, Sunday or holidays or after ONE WEEK OUT. Additionally, when warehouse freight must be moved into the exhibit site on overtime, due to scheduling conflict beyond the control of Viper Tradeshow Services, or show move in or move out times are after 4:30 PM on weekdays, on Saturday, Sunday, or Holidays overtime charges will apply.

### Material Handling / Special Handling Definitions

**Material Handling:** Movement of goods. This includes receipt of your freight, delivery to the booth, storage and return of empty crates/boxes, and reloading.

**CWT:** 'Hundred weight' - a unit of measurement for weight, equal to 100 pounds.

**Storage Terms:** Exhibitors may hand deliver their own materials to the exhibit facility through the front doors. The use or rental of dollies, flat trucks or other mechanical equipment is not permitted. Viper Tradeshow Services must control access to the loading docks to provide a safe and orderly move-in/out. Material handling fees must be paid in full for any materials that require empty storage.

**Multiple Shipments:** Any shipments received from multiple locations or received at different times/dates are considered separate and will be assessed multiple Material Handling minimums. No cumulative weights will be allowed on minimums or split shipments.

**Ground Loading/Unloading:** Vehicles that are not dock height preventing the use of loading docks, such as U-hauls, flat bed double drop trailers, company vehicles with trailers that are not dock level, etc.

**Constricted Space Loading/Unloading:** Trailer loaded "high and tight" shipments that are not easily accessible. Freight is loaded to full car trailer – top to bottom, side to side.

**Designated Piece Loading/Unloading:** Drivers that require the crew to bring multiple pieces of the freight to the rear of the trailer to the next piece, having to remove freight from the trailer then reload to fit or the trailer must be loaded sequence to ensure all items fit.

**Stacked Shipments:** Shipments loaded in such a manner requiring multiple items to be removed to ground level for delivery to booth. Stacked or "cubed out" shipments, loose items placed on top of crates and/or pallets constitute special handling.

**Shipment Integrity:** Shipment integrity involves shipments on a carrier that are intermingled or delivered in such a manner additional labor is needed to sort through and separate the various shipments on a truck for delivery.

**Alternate Delivery Location:** Alternative delivery location refers to shipments that are delivered by a carrier that requires us to deliver shipments to different levels in the same building, or to other buildings in the same facility.

**Mixed Shipments:** Mixed shipments are defined as shipments of mixed crated and uncrated goods, where the percentage of uncrated is minimal and does not warrant the full uncrated rate for this shipment but does require special handling.

**"No Documentation":** Shipments arrive from a small package carrier (including, not limited to, FedEx, UPS, DHL) without an individual Bill of Lading or shipments without a certified weight ticket which requires additional time, labor, and equipment to process.

**Difference Between Crated and Uncrated Shipments:** Crated shipments are those that are packed in any type of shipping container that can be unloaded at the dock with no additional handling required. Such containers include crates, fiber cases, cartons, and properly packed skids. An uncrated shipment is material that is shipped loose or pad-wrapped and/or unskidded without proper lifting bars and hooks.

## IN BOOTH FORKLIFT

*\*Viper Discount Deadline Date: Friday, October 17, 2025*

If your exhibit includes large header signs, cantilever structures, heavy display and components or machinery which cannot be lifted in place by display laborers, you will require a forklift with operator in your booth for installation and removal. The forklift with operator cost is billed at hourly increments with a (1) hour minimum. If additional labor is required, prevailing labor charges will be assessed. It is important that an exhibit representative check-in at the service desk to pick up labor.

### Important Information

All exhibitors requesting labor must go to the Viper Tradeshow service desk to confirm labor requests. All labor and equipment requests should be confirmed prior to the first day of move-in. **Requested starting times cannot be guaranteed; however, every effort is made to meet all requests.** Viper Tradeshow Services reserves the right to dispatch all labor calls based upon availability of labor crews and the order that the requests are confirmed. Upon completion of work, an exhibitor representative must return to the Viper service desk to sign the completed work ticket and confirm accuracy of the work order. No adjustments will be made after the fact. Equipment and labor cancelled after the cancellation deadline will be charged in full.

The minimum charge for labor and equipment is (1) hour per worker and forklift. Equipment and labor thereafter is charged in (1/2) hour increments. Gratuities in any form, including but not limited to: cash, gifts or labor hours for work not actually performed are prohibited by Viper Tradeshow Services. Viper requires the highest standard of integrity from all employees. All rates are subject to change if necessitated by increased labor and material costs.

### In Booth Forklift Rates

**5,000 lb Forklift is included in the rates listed below.**

**Includes (1) forklift with an operator**

If you require a larger forklift or a forklift with a cage, additional cost for the cage & extra labor will be added to your invoice.

# EXHIBITOR APPOINTED CONTRACTORS (EAC) GUIDELINES

## **\*Please complete and return both EAC forms\***

Viper Tradeshow Services, acting on behalf of all exhibitors and in the best interest of the exposition, has appointed Official Service Contractors to perform and provide necessary services and equipment. Official Service Contractors are appointed to: ensure the orderly and efficient installation and removal of the overall exposition, assure the distribution of labor to all exhibitors according to need, provide sufficient labor to satisfy the requirements of the exhibitors, and for the exposition itself, see that proper type and limits of insurance are in force, and avoid any conflict with local union and/or exhibit hall regulations and requirements.

The Official Service Contractors will provide all usual trade show services, including labor. Exceptions are: the exhibitor may provide supervision; exhibitor may appoint an exhibit installation contractor or display builder.

**Exhibitors may employ the service of independent contractors to install and dismantle their display, providing the exhibitor and the installation and dismantling contractor comply with the following requirements:**

1. Exhibitor must notify in writing to Viper Tradeshow Services the intention to utilize an independent contractor (EAC) no later than 14 days prior to the first move-in day, furnishing the name, address, and telephone number of the firm.
2. EAC agrees to comply with all the rules and regulations of the show outlined in this agreement, the Exhibitor Kit, including all union rules and regulations and accept liability for any negligent actions.
3. EAC must provide certificates of insurance confirming the following required insurance:
  - i. Commercial General Liability, including contractual liability, with a minimum limit of \$1,000,000, \$2,000,000 general aggregate and \$2,000,000 products and complete operations aggregate.
  - ii. Automobile Liability with a limit of not less than \$1,000,000 combined single limit, each accident. All owned, hired, and non-owned boxes marked.
  - iii. Workers Compensation, as required by law, with Employers Liability limits of not less than \$1,000,000.
  - iv. Umbrella/Excess Liability with a limit of not less than \$1,000,00 each occurrence/aggregate.
  - v. All policies (except Worker's Compensation) will name Viper Tradeshow Services (Official Service Contractor), Show Management, Show, and the Facility as additional insured on a primary and non-contributory basis.
4. EAC agrees to indemnify, defend, and hold the Show Management, the Facility and Viper Tradeshow Services harmless from and against all claims, lawsuits, demands, liability, costs, and expenses including reasonable attorney's fees and court costs, arising out of EAC's operations. EAC also agrees to reimburse Viper Tradeshow Services for all attorney fees and costs incurred in connection with all claims, lawsuits and counterclaims that should arise out of EAC's failure to adhere to the terms of this agreement.
5. Exhibitor agrees that they are ultimately responsible for all services in connection with their exhibit, including freight, drayage, rentals, and labor.
6. The EAC must have all business licenses, permits and Workers' Compensation insurance required by the state and city governments and the convention facility management prior to commencing work, and shall provide Show Management with evidence of compliance. If the EAC fails to provide the necessary documentation required, the Exhibitor will be required to use Viper Tradeshow Services for such services at the rates published in the Exhibitor Kit.
7. The EAC will provide Viper Tradeshow Services the number of on-site employees at the time of check-in and see that they have, and wear identification badges as determined by Show Management. No EAC will be permitted on the exhibit floor during show hours without the proper exhibit badges supplied by the exhibiting company.
8. The EAC shall be prepared to show evidence that it has valid authorization from the exhibitor for services. The EAC may not solicit business on the exhibit floor.
9. EAC/Exhibitor may not move freight from one booth to another booth or anywhere else within the Facility, Viper Tradeshow Services must provide labor.
10. The EAC must confine its operations to the exhibit area of its clients. No service desk, storage areas or other work facilities will be located anywhere in the building. The show aisles and public spaces are not a part of the exhibitor's booth space.
11. The EAC shall provide, if requested, evidence to Viper Tradeshow Services that it possesses applicable and current labor contracts and must comply with all labor agreements and practices. The EAC must not commit or allow to be committed by persons in its employment any acts that could lead to work stoppages, strikes or labor problems.
12. EAC will be responsible for all reasonable costs related to its operation. Where applicable a one-hour minimum labor charge will be charged at the appropriate labor rate per union to either the EAC or Exhibitor.
13. The exposition floor, aisles, loading docks, service and storage areas will be under the control of the official service contractor, Viper Tradeshow Services. The exhibitor appointed contractor must coordinate all its activities with Viper Tradeshow Services.
14. For services such as electrical, plumbing, telephone, cleaning and drayage, no contractor other than the official service contractor will be approved. This regulation is necessary because of licensing, insurance and work done on equipment and facilities owned by parties other than the exhibitor. Exhibitors shall provide only the material and equipment they own and is to be used in their exhibit space.
15. The EAC/Exhibitor should order services/rentals from Viper Tradeshow Services and the Facility vendors in advance. Ordering services onsite, which Viper Tradeshow Services may not be prepared to provide immediately upon request) may delay the set-up of the booth or force the setup into overtime.
16. The EAC/Exhibitor should arrange the protection of the product in the booth.
17. The EAC/Exhibitor should label empty containers/crates for storage as soon as they are ready. Holding back on empties adds to congestions to the aisles. Viper Tradeshow Services is not responsible for items left unattended on the show floor or any items stored in empty containers.
18. The EAC/Exhibitor agrees to turn in all outbound bills of lading at the Viper Service Desk on a timely basis. Turning in large amounts of freight bills at one time may delay the outbound loading and subsequently force the loading out into overtime.

**I have read the Exhibitor Appointed Contractors section of this manual and understand the terms and conditions. I understand that all the contractors listed above must be approved by Viper Tradeshow Services. I understand it is my responsibility to see that each representative from any EAC for my company abides by the rules and regulations of the event. I also understand that any EAC listed above that is not approved by Viper Tradeshow Services will not be permitted on the floor.**
